Subject: RE: UPDATED Q4 memo and supporting docs with 7428 household exits

Hi all,

I’ve revised the memo to Mayor to replace “HHs” with “exits” solely in the interest of precision. I’ve attached a redlined version and the clean one. I’m re-attaching the Attachments A and B. Amanda, please put the clean memo and these two attachments in the book. Thank you!

Meg and I talked about adding a footnote to the Release indicating that the # of “households” may be duplicated, which you all can decide, because it may be overkill. She’s sending that over.

Tess

Subject: UPDATED Q4 memo and supporting docs with 7428 household exits

All,

Please see attached Q4 memo, press release and attachment to memo with household exit total updated. The by-program list does not require changes. There was a miscommunication about the numbers in the program data attachment and the numbers in the memo, and subsequently the release. These have all been reconciled.

The good news is that the numbers went up!

New numbers:

7428 household exits to permanent housing and maintenance of supportive housing

5,627 household exits to permanent housing

618 RRH household exits with a rate of exits to permanent housing of 78%

Thank you,

Meg Olberding
